

SUPERSPORT BOAT MANUFACTURER.

STERK

sterk[sterk]

ADJECTIVE *

firm, sound, or powerful, and therefore not easily broken, destroyed, attacked, defeated, resisted, or affected by weariness, illness

* <https://dictionary.cambridge.org>

SUPERSPORT BOAT IS IN OUR DNA.

Milan Sterk, founder and namesake of STERK, transforms visionary ideas into extraordinary super sports boats in collaboration with renowned designer Carlos Vidal and experienced naval architect Sasha Vlad.**

The team collectively boasts over six decades of expertise in the maritime industry. Their passion for innovative boat building, top-notch engineering, and groundbreaking design is deeply rooted in the STERK DNA. Together, they strive to create boats that meet the highest standards of performance, aesthetics, and quality.

The production site in Germany was deliberately chosen to ensure short delivery routes, sustainable production methods, and the highest quality standards. This strategic decision reflects STERK's philosophy: progress in harmony with ecological responsibility.

As the manufacturer, MS Marine GmbH brings its extensive expertise and a strong team of boatbuilding specialists to precisely execute these visions. STERK is the brand for boat enthusiasts seeking uncompromising speed, outstanding comfort, and cutting-edge design—a combination that makes each model a masterpiece.

The STERK 31 was tested by, among others:

'The Sterk 31 RC outshines the competition. Numerous of shipyards have aspired to create a dayboat like this.' (Jan-Ole Puls, boote-magazin.de)

31

The STERK 31, at 9.73 meters (30,4 ft) long, impresses with its Mediterranean-inspired design, state-of-the-art technology, and perfect functionality.

With up to 700 horsepower, innovative drive-by-wire technology, and a specially designed hull shape, the STERK 31 glides effortlessly over water—even at top speeds nearing 60 knots and under challenging conditions. Finest details, such as the seamless hull-to-deck connection system, emphasize the model's exclusivity and advanced engineering.

The flexible deck layout and nearly endless configuration options of the STERK 31 RC and STERK 31 WB, available in both Sport and Supersport versions, offer a variety of individual customization possibilities.

Whether as a family-friendly race boat or a pure fun machine—the STERK 31 is more than just a boat. It's a statement for boat lovers who appreciate the extraordinary.

Iconic Design.

SPORT & SUPERSPORT

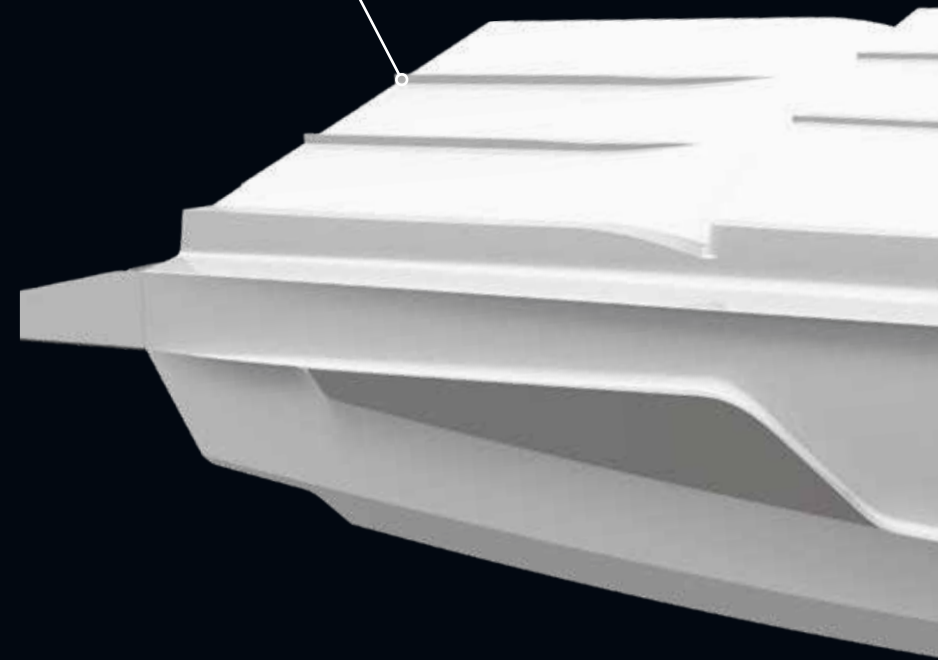

31

The Supersport hull of the STERK 31 is specifically designed for high speed and agile maneuverability.

Hundreds of hours in flow simulation (CFD simulations) enabled precise performance optimization and guarantee safe, predictable handling. The double-stepped deep-V hull with strategically placed spray rails increases lift and effectively reduces spray.

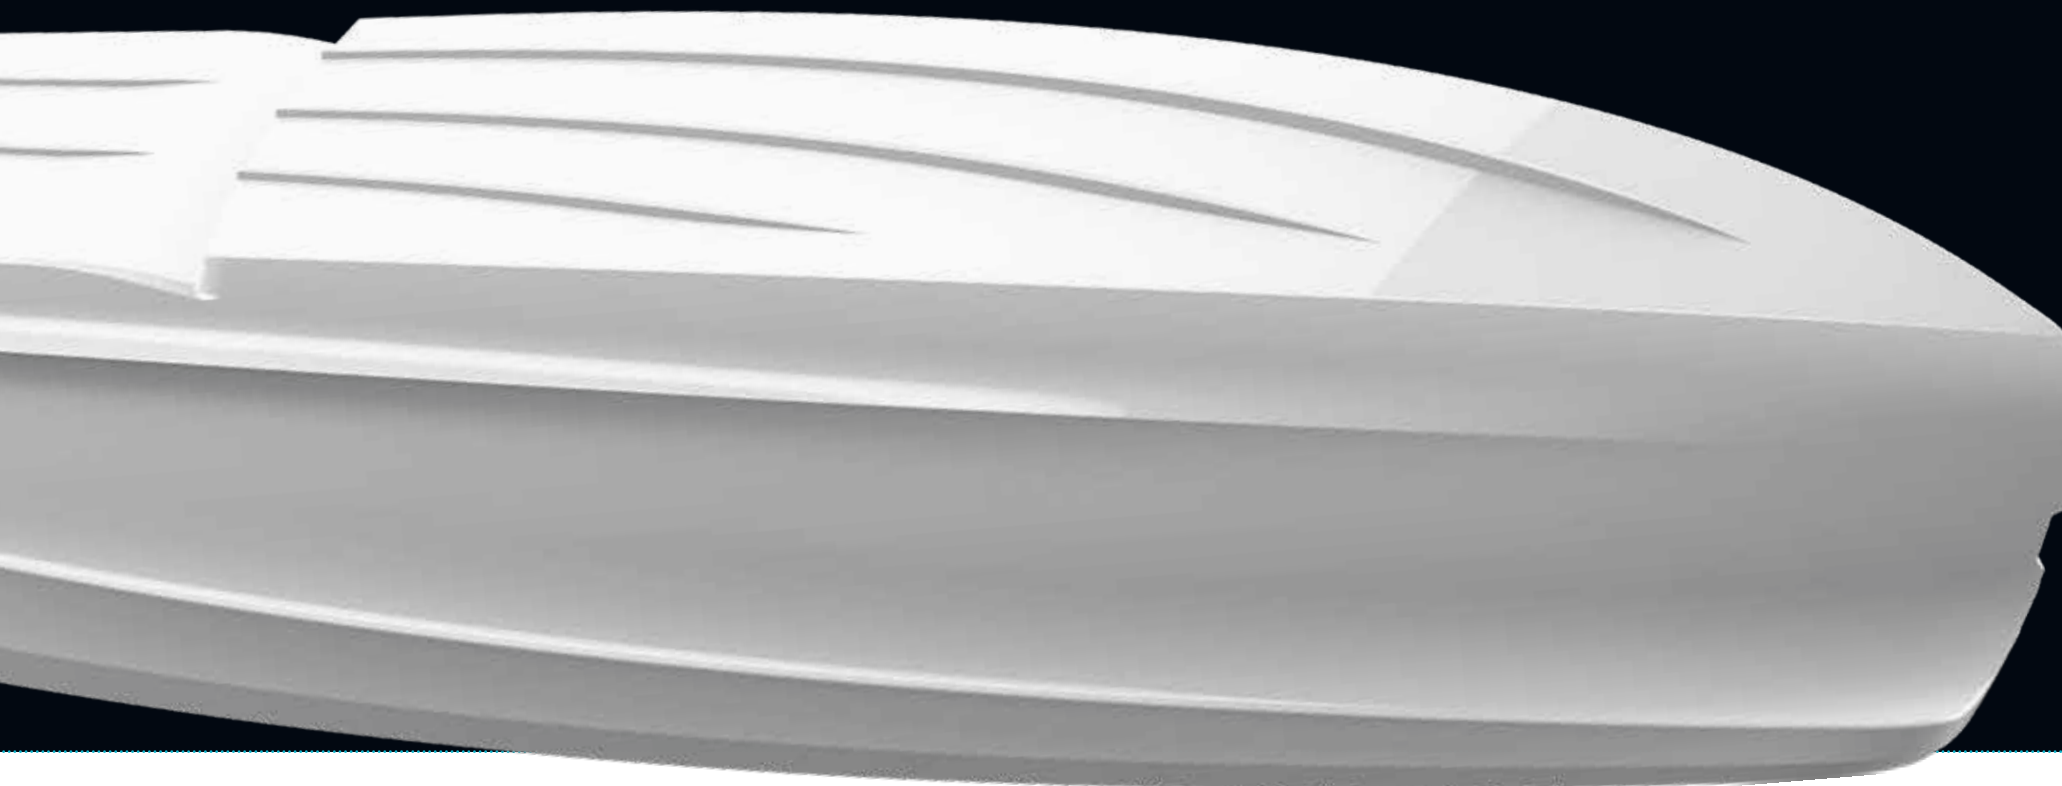

Specially developed trailing edge fins (Spray Hooks) in the stern area of the glide surface, combined with negative chine edges, provide radical grip and minimize heeling during fast turns. These innovations instill confidence in extreme maneuvers, rough conditions, and high speeds—that's the STERK promise.

Thanks to meticulous precision and rigorous quality controls, every STERK 31 becomes a unique, long-lasting masterpiece „Made in Germany.“

The radical Shape of Speed.

TECHNOLOGY & DESIGN

31RC

REAR CABIN
READY FOR OVERNIGHT
ADVENTURES.

The highlight of the STERK 31 RC is the harmoniously integrated aft cabin with side windows beneath the spacious sun lounge.

Depending on the configuration, it can be used as storage space or as a comfortable sleeping and relaxation oasis.

Selected materials and stylish accessories such as LED lighting, ventilation hatches, reading lights, and cup holders transform the cabin into an elegant retreat.

Two 52-liter refrigerators (or a fridge-freezer combination) and a practical dining area make every sunset a true delight. The modern bathroom, featuring a vanity, mirror, sink, and pull-out shower, provides maximum comfort—even on multi-day trips.

Practical storage in the bow and helm console, ergonomic rotating seats with standing function, and the convertible aft U-bench offer added comfort and functionality.

OASIS OF RELAXATION &
SUN DECK WITH SILVERTEX
UPHOLSTERY.

31WB

WET BAR LOUNGE
FOR CONNOISSEURS.

The STERK 31 WB combines bar, dining area, and kitchen in a thoughtful design, creating the perfect setup for unforgettable moments with family and friends.

With a spacious seating area, a comfortable wet room, a large aft platform, and a first-class wet bar featuring a stainless steel refrigerator and Corian worktop, every outing becomes a luxurious experience.

The STERK 31 WB Supersport impresses with premium materials such as champagne Silvertex upholstery, polished stainless steel, and the finest teak wood.

Thanks to a subtly reduced design and carefully selected materials, even the purist STERK 31 WB SPORT retains its unmistakable charm.
